## Summer Transition Programs

### Summer Transition Programs

First At Fleming  
&  
Head Start

We are offering 2 different orientation programs for students with learning disabilities each designed to help you start off your first semester at Fleming on the right foot.

*If you do not have a learning disability, please disregard this flyer.*

# Summer Transition Programs

**August 31 to  
September 4**

Parents are welcome to attend a session tailored for them at the start of the first day

Meals and Residence  
Rooms

**Space is limited  
Registration deadline  
June 5**

Don't miss this chance to be a First at Fleming participant. Register now by filling out the attached registration information.

A non-refundable registration fee of only \$50.00 for all of this!

(If we are not able to accept you in the program the fee will be refunded)

## First At Fleming

This is a week-long orientation program which will enable you to:

- Better understand your learning disability
- Identify your learning strengths and weaknesses
- Meet with key disability service providers:
  - Learning Disability Counsellor
  - Assistive Technologist
  - Learning Strategist
- Get your accommodations put in place for the semester
- Have hands-on experience with assistive technology
- Meet, learn and socialize with others with a learning disability
- Explore Fleming before the halls are crowded
- Discover some of the highlights of Peterborough with friendly, fun-loving students to guide the way
- Have a current psycho-educational report in place prior to the September in-take

A psycho-educational assessment with a learning disability diagnosis on it from a clinical psychologist is needed by all participants.

Limited funding is available from the First at Fleming program for those who have a psycho-educational assessment which is more than 5 years old. The name of a psychologist in your area will be provided.

IIRC and IEP information from high schools is also needed.

# Summer Transition Programs

**In Lindsay  
August 26**

**In Peterborough  
August 25 & 27**

## Head Start

Head Start is a great opportunity for you to:

- Learn about all of the excellent resources that are available at Fleming.
- Meet key people who are available to help.
- See demonstrations of assistive technology that you may find useful in college.
- Understand the ways in which college differs from high school.
- Learn about self-advocacy and resources which can help you develop this important skill.

Head Start begins at 9:00 a.m. and finishes at 11:00 a.m.. After 11:00 a.m. individual appointments will start with your counselor. If you have free time from this point don't forget to check out other student services, buy used books, arrange to get a locker and/or parking pass for the school year, check out housing options and otherwise get a feel for the campus.

Parents may choose to attend a parent session from 9:00 a.m. – 10:00 a.m. where we will discuss the types of services available, student responsibilities, and the Bursary for Students with Disabilities. There will be ample time for a question and answer period.

Students have told us that attending Head Start really helps to reduce the anxiety that many students feel as they prepare for college.

There is no charge for this half day program.

# Summer Transition Programs
